our dairies and see the infinite pains we take to safeguard the purity of our customers' milk supply. You would be glad it was possible to secure such clean, wholesome milk.

Our service in your interest begins at the dairy before the milk is produced, and does not end until the bottles in which the milk is served have been sterilized before being put to use again.

Count Ryoji Noda, secretary of the
Japanese legation at Rio de Janeiro,
Brazil, arrived at Willemstad, Cura-
cao, today on a visit on behalf of the
Japanese government.

The supreme court of Virginia has
refused new trials to Floyd and
Claude Allen, the brothers who shot
up a courtroom and killed the judge
and several others in an effort to free
a prisoner, one of the Allen family.
The refusal of the court to interfere
makes their electrocution tomorrow
practically certain.

Fifty lawyers, who hope to gain for
their clients more than \$10,000,000
damages for loss of life and property
on the ill-fated steamship Titanic, are
arraigned today against attorneys for
the White Star Line in the federal court.

Japan is making preparations to im-
prove her commercial relations with
the South and Central American re-
publics in view of the approaching
completion of the Panama Canal.

Over-Night FEDERAL Wireless To the Advertiser

Crippled by a broken starboard tail-
shaft, the Oceanic Steamship Com-
pany's trans-Pacific liner Sonoma,
Capt. J. P. Trask, is limping through
the South Pacific bound from Sydney
to San Francisco, via Honolulu.

News of the accident reached San
Francisco today in a cablegram to the
chamber of commerce marine bureau.
This message was sent by wireless
from the ship under the orders of
Captain Trask.

The wireless message was caught at
Suva, Fiji Islands, and cabled from
there. It reads:

"Steamer Sonoma from Sydney to
San Francisco reports by wireless
broken starboard tailshaft. Vessel was
950 miles north of Pago Pago. Is
proceeding slowly, all on board well."

When the accident occurred the liner
was four days out of Sydney, head-
ing towards Pago Pago. She had her
full complement of passengers.

The vessel was originally due at Honolu-
lu in about two weeks.

Officials of the company said this
afternoon that the average speed of
the Sonoma is sixteen miles an hour.
They estimate that the incapacitation
of one engine will reduce the speed
for the remainder of the trip four or
more knots an hour.

En route to Washington, where she
will spend the next few months while
Congress is in session, Princess Ka-
lanianakole, wife of Prince Cnpid, Ha-
waii's Delegate to Congress, arrived
at San Francisco from Honolulu on
the liner Manchuria. Prince Kalani-
anakole left Washington a few days
ago and met the Princess on the
steamship pier.

The Princess was accompanied by
J. F. Colburn, manager of the Kapo-
lan Estate, Colburn's little son, and
Mrs. Mildred Gear, widow of the late
Judge Gear, of Honolulu, who divorced
George S. McKenzie, real estate
broker and mining man here, two
years ago.

"You may say that I have no in-
tentions of making another matrimo-
nial experiment," said Mrs. Gear. "I
am now carefree and am possessed of
no worries, so why make a change?
I don't think time will make any dif-
ference in my case. I am well pleased
to remain as I am. I can go where I
please and have a splendid time. The
Princess is charming and we have
had a lovely time. One can go to
Hawaii, enjoy one's self and still re-
turn to San Francisco without any in-
tention to wed."

Paul Deschanel, who was reelected
yesterday president of the French
chamber of deputies, formally declar-
ed himself as a candidate for the Pre-
sidency of the Republic.

The other candidates who have been
announced for the same position are
Premier Raymond Poincare and ex-
Premier Felix Ribot; while Jules
Pana, minister of agriculture, An-
tonin Dubois, who was reelected pre-
sident of the senate; Mr. Dupuy, min-
ister of public works, and Theophile
Delcasse, minister of marine, unofficially
are in the running.

Bonds submitted for the release of
Frank M. Ryan, T. H. Houlihan and
William Schupe, sentenced to terms
in prison for conspiracy in the alleged
transportation of dynamite, were
disapproved by District Attorney
Charles W. Miller, of Indianapolis, in
the United States circuit court of ap-
peals at Chicago today.

The court also declined to issue a
writ of superadeas admitting to bail
Herbert H. Hockin, of Indianapolis,
who was sentenced to six years in the
federal prison at Leavenworth, Kan-
sas.

Today's meeting of the ambassadors
of the Powers was devoted chiefly to
a discussion of the means of putting
a brake on the threatened resumption
of the war in the Balkans and it is
quite evident that both sides would
welcome the discovery of an accept-
able way to avoid further fighting.

The representatives of Bulgaria,
Greece, Montenegro and Serbia de-
clare that they must protect their own
interests.
